

# MESCO + NCI BUILDING SYSTEMS

**M**esco Metal Buildings has been a leading metal building systems manufacturer for nearly half a century. The company's core value is to provide the highest level of customer satisfaction by delivering on time, cost effective quality buildings. Our relationship with NCI allows us to achieve our goal of "Making Buildings That Make Our Builders The Best."

One of the largest integrated manufacturers and marketers of metal building components and engineered metal building systems in North America, NCI Building Systems offers one of the most extensive metal product lines in the building industry, under well-recognized brand names. Through internal growth, accretive acquisitions and the astute management of assets, the company has compiled a record of revenue and earnings growth well above the industry average.

**Today, NCI is:**

- **The largest producer and distributor of metal components for building construction.**
- **The second largest producer of engineered metal building systems.**
- **The largest supplier of metal roofs in an estimated \$20 billion roofing industry.**
- **A leading provider of metal coating and painting services.**
- **An industry leader in growth, profitability and innovation.**

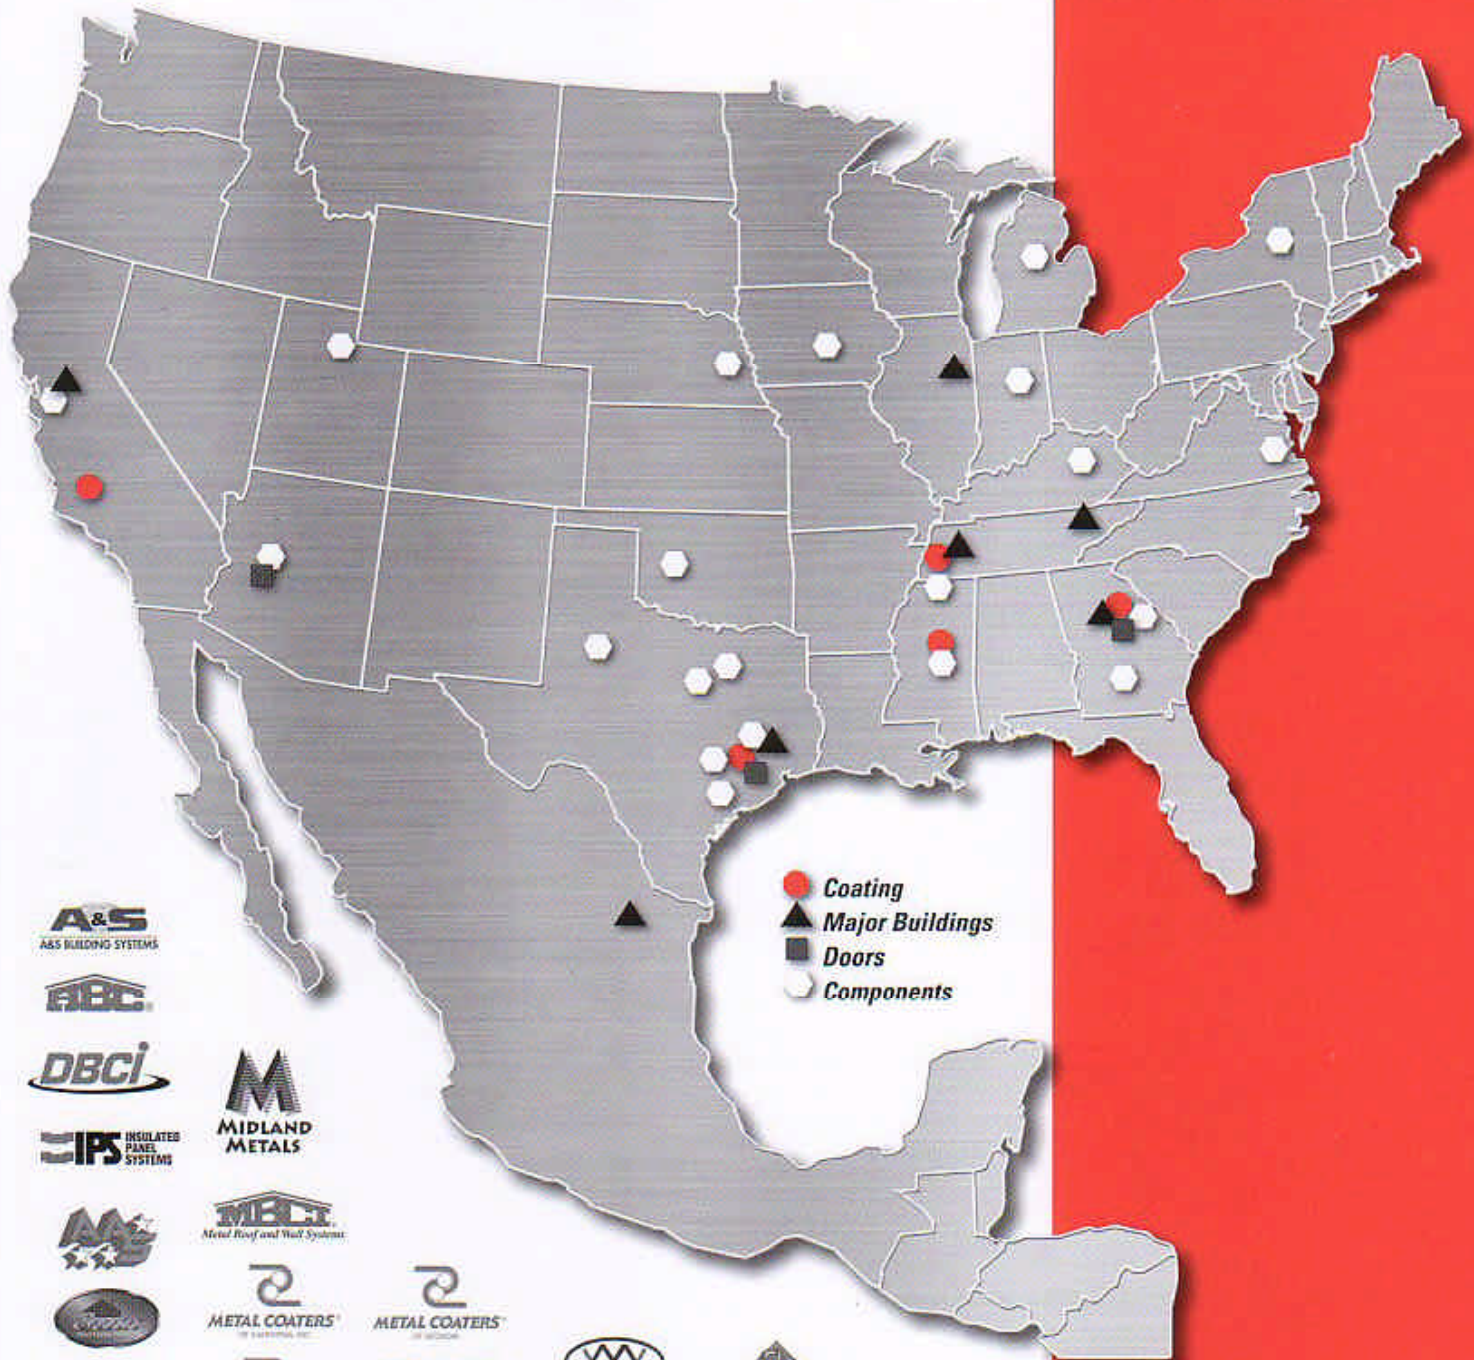

Our Builders benefit from a broader product line, expanded geographic distribution and increased manufacturing capacity.
